## **DETAILED ACTION**

# Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

- (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.
- 2. Claims 1, 2 are rejected under 35 U.S.C. 102(b) as being anticipated by White et al. USP 6,231,716. White discloses a similar device in fig. 9-10, the device comprising a(n);
- Plurality of support pins (54)
- > Substrate accommodating tray (34) having a plurality of openings (fig. 9)

## Allowable Subject Matter

- 3. Claims 3-4 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
- 4. Claims 5-20 are allowed.

#### Conclusion

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
